

# HALLELUJAH ONE™

希望 — A Human Empowerment Operating System.

Housing + Mobility + Technology + Community + Opportunity

| SITE           | CITY               | NODE 01              | STATUS                        |
|----------------|--------------------|----------------------|-------------------------------|
| 3548 5TH AVE S | ST. PETERSBURG, FL | SUSTAINABLE FOURPLEX | VISION · STAKEHOLDER BRIEFING |

— 01 THE VISION 構想

A four-unit sustainable  
workforce housing  
community — integrated  
with mobility, food,  
technology, and **human  
empowerment.**

Not apartments. Not construction. Not real estate. A window into what we are building toward — and the first physical node of a system built to scale.

— 02 WHAT YOU SHOULD FEEL 尊嚴

Dignity

Belonging

Sustainability

Safety

Opportunity

Community

Most early-stage projects show spreadsheets and zoning maps. **People fund what they can see.**

## — 03 THE WHY 起点

The fourplex is not the project. It is the **first physical node.**

## CHALLENGE — INTERCONNECTED BARRIERS

- 01 Housing affordability
- 02 Transportation access
- 03 Workforce mobility
- 04 Digital access
- 05 Economic opportunity

## RESPONSE — AN INTEGRATED SYSTEM

HALLELUJAH ONE™ answers them together, not one at a time.

— 04 ARCHITECTURE — STACKED STONE · BLACK STEEL · GLASS 建築

02\_ARCH / FRONT

Front View

Stacked stone · black steel windows · private entrances

02\_ARCH / SIDE

Side View

Cantilevered canopy · rooftop terrace · flat solar roof

02\_ARCH / AERIAL

Aerial View

Checkerboard paver lawn · site layout

— 05 COMMUNITY EXPERIENCE — PEOPLE, NOT BUILDINGS 共同体

03\_COMM / GARDEN

Garden

Raised community beds · fruit trees · native landscaping

03\_COMM / GATHERING

Gathering Space

Shaded seating · the human interaction layer

— 06 INTERIOR — ATTAINABLE LUXURY 室内

04\_INT / LIVING

Living Room

Natural light · wood · smart-home hub

04\_INT / KITCHEN

Kitchen

Attainable-luxury finishes · efficient

04\_INT / BEDROOM

Bedroom

Calm, dignified personal sanctuary

---

 07 ECONOMIC MOBILITY 道 · The Path

# Not just housing. A pathway forward.

"Connected mobility, digital resources, and community support — moving people from survival toward stability."

EV fast-charging (Tesla Supercharger-class, proposed) · future autonomous-vehicle zone · community transportation access · digital learning area · shared community resources.

## — 08 CONCEPT EVOLUTION ROADMAP 発展の道筋

# Ambition, held to a responsible process.

## PHASE 01 · 2026

## Concept Visualization

You are here

- ✓ Community vision
- ✓ Stakeholder alignment
- ✓ Funding conversations

## PHASE 02 · 2026-2027

## Professional Design

Development

- Architect engagement
- Engineering studies
- Site refinement
- Cost validation

## PHASE 03 · FUTURE

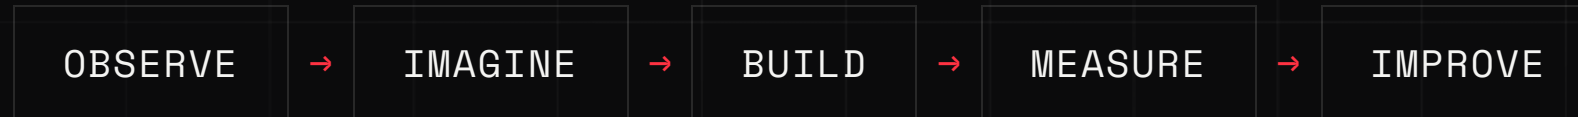

## Implementation

Execution

- Construction documents
- Permitting
- Development execution

— 09 THE LIVING COMPASS™ 羅針盤

# An operating system for how a community **moves forward.**

VISION → EMOTION → PARTNERSHIP → FUNDING → EXECUTION · the visualization is the bridge.

— 10 CONTEXT & MOMENTUM 基盤

# Not a program. **An institution.**

LOCATION · PUBLIC CONTEXT

**\$8.1B**

Adjacent to the **Gas Plant District** —  
St. Petersburg’s \$8.1B redevelopment.

FUNDING PATHWAYS · IN PURSUIT

- NACA
- FCLF
- CRUTs

Prioritized, high-impact capital pathways — **actively pursued**, not yet committed.

MOBILITY · PROPOSED

**Tesla Supercharger-class EV fast-charging**

A community charging anchor — **proposed** infrastructure.

CONFIDENCE KEY · Public context · targeted pathways in pursuit · proposed infrastructure — **not committed funding.**

# HALLELUJAH ONE™

The Living Compass™ · 羅針盤

HUMAN EMPOWERMENT OPERATING SYSTEM

“This is not a construction document. It is a window into what we are building toward.”

Conceptual visualization of proposed development. Final design, engineering, and construction documents will be developed through professional architectural and engineering processes during project advancement.
